

LONG DISTANCE LINE HAS BEEN CONNECTED

Service Over Southern Bell Will
be Inaugurated Today.

A NEW CONVENIENCE HERE

Gainesville to be Connected by Tele-
phone With the Outside World.
Through Jacksonville—A Great Con-
venience, Which Will be Appreciated.

Beginning today Gainesville will be
connected by long distance telephone
with Jacksonville, hence with the out-
side world, as the connection of the
long distance service of the Southern
Bell Telephone and Telegraph Co. has
been made.

For several months past the South-
ern Bell has been working on this ex-
tension between Jacksonville and this
city and the same would have been
completed a month ago had it not been
for the trouble experienced in secur-
ing poles, right-of-way, and other
minor drawbacks, which have delayed
the workmen. The line is at last com-
pleted, however, and is in perfect
working order. It will be formally
opened today.

The important points on the circuit
between this city and Jacksonville are
Waldo, Starke, Hampton, Lawley and
Baldwin. At Baldwin, by switch con-
nection, patrons may speak with all
points West, which virtually places
Gainesville in telephonic communica-
tion with all important cities of the
United States.

The Southern Bell, of which J. A.
Goodwin is local manager, has placed
its properties here in first-class condi-
tion, and for the past year has furnish-
ed a service second to none in the
United States. Patrons of the com-
pany will now be pleased to know that
they may communicate with the out-
side world.

The central office of the Southern
Bell exchange will remain for the
present in the Williams block, West
Main street, N.

A Thousand Dollars' Worth of Good.

A. H. Thurmes, a well-known coal
operator of Buffalo, O., writes: "I have
been afflicted with kidney and bladder
trouble for years, passing gravel and
stones with excruciating pain. I got
no relief from medicine until I began
taking Foley's Kidney Cure; then the
result was surprising. A few doses
started the brick dust like fine stones
and now I have no pain across my kid-
neys and I feel like a new man. It has
done me \$1,000 worth of good." J. W.

WOMEN WHO CHARM

HEALTH IS THE FIRST ESSENTIAL

It Helps Women to Win and Hold
Men's Admiration, Respect and Love

Woman's greatest gift is the power to
inspire admiration, respect, and love.
There is a beauty in health which is
more attractive to men than mere regu-
larity of feature.

Mrs. Chas. F. Brown

To be a successful wife, to retain the
love and admiration of her husband,
should be a woman's constant study.
At the first indication of ill-health,
painful or irregular periods, head-
ache or backache, secure Lydia E.
Pinkham's Vegetable Compound and
begin its use.

Mrs. Chas. F. Brown, Vice-President
Mothers' Club, 21 Cedar Terrace, Hot
Springs, Ark., writes:

Dear Mrs. Pinkham:—
"For nine years I dragged through a miser-
able existence, suffering with inflammation
and female weakness and worn out with
pain and weariness. I one day noticed a state-
ment by a woman suffering as I was, but who
had been cured by Lydia E. Pinkham's Vege-
table Compound, and I determined to try it.
At the end of three months I was a different
woman. Every one remarked about it, and
my husband fell in love with me all over
again. Lydia E. Pinkham's Vegetable Com-
pound built up my entire system, cured the
trouble, and I felt like a new woman. I am
sure it will make every suffering woman
strong, well and happy, as it has me."

Women who are troubled with pain-
ful or irregular periods, backache,
bloating (or flatulence), displacements,
inflammation or ulceration, that "leav-
ing-down" feeling, dizziness, faintness,
indigestion, or nervous prostration
may be restored to perfect health
and strength by taking Lydia E.
Pinkham's Vegetable Compound.

NEWBERRY PROGRESS.

H. A. Pickett Will Soon Erect a Hand-
some Brick Building.

Along with other towns of the coun-
ty, Newberry is about to assume an air
of building prosperity, which will
mean a big improvement there.

A telephone message from that
thriving town yesterday bore the in-
formation that H. A. Pickett, who
owns considerable Newberry real es-
tate, will soon begin the erection of a
handsome and commodious brick build-
ing on the lot near the station, Main
street. A wooden building on the prem-
ises, which has for years been occu-
pied by Tucker & Roland, general mer-
chants, will be removed, and it is un-
derstood that this enterprising firm
will occupy a room in the new build-
ing when finished.

There is a rumor of other buildings
in Newberry and altogether the pros-
pects for a building boom in Newberry
are good.

Rev. Carlisle P. B. Martin, L. L. D.,

of Waverly, Texas, writes: "Of a
morning, when first arising, I often
find a troublesome collection of
phlegm which produces a cough and
is very hard to dislodge, but a small
quantity of Ballard's Horehound
Syrup will at once dislodge it, and the
trouble is over. I know of no medi-
cine that is equal to it, and it is so
pleasant to take. I can most cordially
recommend it to all persons needing a
medicine for throat or lung trouble."

Seven Killed in Snowslide.

Salt Lake City, Utah, Jan. 23.—
Seven men have been killed by a
snow slide at the mining camp at Alta
according to the latest message re-
ceived, because the telephone wires
broke. Efforts to gain further infor-
mation have been fruitless, owing to the
condition of the wires and the deep
snow in the mountains. The nearest
approach possible, even on snow shoes
is three miles. Alta is 20 miles from
Salt Lake City.

Imperfect Digestion

Means less nutrition and in conse-
quence less vitality. When the liver
fails to secrete bile, the blood becomes
loaded with bilious properties, the di-
gestion becomes impaired, and the
bowels constipated. Herbine will re-
ctify this. It gives tone to the stom-
ach, liver and kidney, strengthens the
appetite, clears and improves the com-
plexion, releases new life and vigor to
the whole system. 50 cents a bottle,
sold by W. M. Johnson.

FRAME LETTUCE IS NOW MOVING

Several Baskets Shipped from
Rocky Point.

THE PROSPECTS ARE GOOD

Notwithstanding Recent Continued
Rains, Growers Anticipate No Se-
rious Loss Unless Caused by Cold.
Beet and Cabbage Crops.

Advises from Rocky Point and other
sections along the Gainesville and
Gulf railroad are to the effect that a
greater part of the unprotected lettuce
has been shipped, and that the move-
ment of frame lettuce has begun. Al-
though light so far, with favorable
conditions the movement will be heavy
within the next ten days. The acreage
is larger this season than usual, and if
the prices which have prevailed in the
past continue, lettuce growers will re-
alize nicely from the crop.

It is feared that the recent contin-
ued rains have materially damaged the
plant in some sections, but if there
occurs no serious fall in the tempera-
ture even this damage by rain will
be overcome, as the plant has been
very prolific and of fine growth.

A prominent trucker from the Rocky
Point section who came to Gainesville
Tuesday stated that the beet and cab-
bage fields are looking fine and prom-
ise an abundant yield with favorable
weather conditions. "There has been
considerable rain in our section," he
said, "which has naturally damaged
these crops to some extent; but the
cabbage and beet, being less sensitive
than some plants, can stand a great
deal more irrigation than others and
the truckers are not anticipating much
loss in this direction."

Sickening, Shivering Fits

Of ague and malaria can be relieved
and cured with Electric Bitters. This
is a pure, tonic medicine; of especial
benefit in malaria, for it exerts a true
curative influence on the disease, driv-
ing it entirely out of the system. It
is much to be preferred to quinine,
having none of this drug's bad after-
effects. E. S. Munday of Henrietta,
Tex., writes: "My brother was very
low with malarial fever and I decided
to let him take Electric Bitters, which
saved his life." At all drug stores.
Price 50c, guaranteed.

The Camping Party.

The quartette of Unontown, Pa.,
sportsmen, who have been regular vis-
itors to Gainesville each winter for
several years, have gone into their an-
nual camp on Lake Kanapaha, near
Palmer, where they will remain indefi-
nitely.

The party comprises Commodore R.
W. Beall, who is fond of fishing; John
A. and Isaac Batten, who are expert
marksmen and never fail to bring
down 95 per cent of the game they are
after, and Geo. M. Bailey, who has
been styled a combination fisherman
and hunter—good at both. Between
the crowd, the camp is promised an
abundance of fish and game during the
sojourn, and it is safe to add that
many Gainesville friends of the gentle-
men will be properly entertained at
the camp during the season.

Spoiled Her Beauty.

Harriet Howard, of W. 34th St., New
York, at one time had her beauty
spoiled with skin trouble. She writes:
"I had salt rheum or eczema for
years, but nothing would cure it, until
I used Bucklen's Arnica Salve." A
quick and sure healer for cuts, burns
and sores. 25c at all drug stores.

Student Dies from Hazing.

Natchez, Miss., Jan. 23.—Telegraph
has advised received here from Green-
boro, La., that Joseph Sitman, a
freshman who left Jefferson military
academy on the 11th instant, is dead
at his home at that place, and it is
alleged his death was due to injuries
received at the hands of a crowd of
hazards at the college. The boy's
father, Dr. C. W. Sitman, will demand
an investigation. Lieutenant Gus Mor-
ris, who was officer of the day at the
college on the 11th, denies that there
has been any hazing at the college,
and said that Sitman was suffering
from a carbuncle and took French
leave of the institution. Jefferson
military college is situated at Wash-
ington, Miss., about 6 miles from this
place, and is the oldest military insti-
tution in the southwest.

COTTON GROWERS WILL MEET.

Sea Island Staple Producers To Form
Organization.

Lake City, Fla., Jan. 23.—Columbia
county sea island cotton growers have
started a movement in favor of a big
convention of sea island cotton grow-
ers in the near future, and perfected a
local organization by electing the fol-
lowing officers: J. W. Hatcher, pres-
ident; Marion S. Knight, vice presi-
dent; T. J. Appleyard, secretary, and
F. F. Hardin, treasurer.

A resolution was adopted asking
President Harvie Jordan, of the South-
ern Cotton association, to call a meet-
ing of the sea island cotton growers
for the purpose of advancing their in-
terests and bettering their condition.

Gordon County to Have Fair.

Calhoun, Ga., Jan. 23.—A meeting
was held at the court house and the
Gordon county fair association was or-
ganized. About a hundred dollars in
stock has been subscribed. The
amount will be increased to \$2,000.
The association will secure land, erect
the necessary buildings, stalls, etc.,
for permanent use and endeavor to
make the fair next fall better than
any held in the state. The next meet-
ing of the organization will be held
in Calhoun at the court house, Sat-
urday, Feb. 19.
